

The background of the image is a close-up of a shower wall with a marbled texture. The base color is a muted, dusty grey, overlaid with irregular, vein-like patterns of a warm, golden-brown or terracotta hue. The veins vary in thickness and orientation, creating a natural, organic look. In the center of the image, there is a white graphic element consisting of a square frame with a small notch at the top center. Inside this frame, the words "SHOWER" and "WALL" are stacked vertically in a clean, white, sans-serif font.

OUR HPL RANGES

Create stunning statement walls

HPL is inspired by stunning natural materials, perfect for creating characterful statement walls. Our HPL collection has a range of finishes to bring each individual decor to life, offering realistic textures and classic glossy finishes; bringing style to any bathroom.

FINISHES

Our decors come in a range of different finishes; from gloss to authentic textures. For easy distinction, the finish of our decors is marked throughout the brochure with the following icons:

Gloss

A high shine finish creating a smooth, brilliant appearance

Texture

A structured surface that emulates the feel of organic materials

Matt

A soft to touch flat surface with low light reflectivity

Synchro

A unique textured finish that follows the form of real material

A WATERPROOF PANELLING SYSTEM

The product at a glance.

COST-EFFECTIVE

Showerswall is a fast and hassle-free installation which saves money on installation costs compared to tiles.

HYGIENIC

Showerswall has a solid, grout-free surface eliminating hiding places for mould, dirt or germs. A hygienic and wipe-clean solution.

SEAMLESS FEATURE WALLS

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. The lightweight panels are available in a range of sizes for maximum flexibility.

WATERPROOF SYSTEM

Showerswall is the ultimate in bathroom wall panelling. The system provides an impressive watertight finish that looks stunning and performs impeccably against the rigours of daily life.

EASY INSTALLATION

Showerswall can be fitted by anyone who is DIY competent. Simply cut the Showerswall panels to size and fix them to the wall or over existing tiles. A lot less mess and a much faster fit than tiles.

15 YEAR GUARANTEE

When installed correctly using the recommended accessories and fitting guide, Showerswall is guaranteed against manufacturing defects for 15 years from purchase date. For further details, see inside back cover.

INTRODUCING OUR HPL COLLECTIONS

All HPL panels are 10.5mm in thickness.

PATTERN MATCH

As each decor is designed to replicate organic materials it is often not possible to achieve a repeat pattern between two panels, particularly for decors replicating marble or stone.

DISCLAIMER

Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors by design will vary to replicate natural stone variances. Decors such as Luna and Cracked Grey may have shade variance between individual panels. This is normal for these particular decors and not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase. We reserve the right to amend the specification of the products shown without prior notice. E&OE.

OUR ACRYLIC RANGES

Achieve stunning glass-like walls

4mm acrylic panels are rear printed to give a vibrant colour with a polished glass-like finish. Our Custom Collection uses the superior finish of acrylic to bring digital imagery to life; offering a truly bespoke design solution and the ultimate flexibility to create something unique.

FINISHES

Our Acrylic decors are marked throughout the brochure with the following icon:

Acrylic
Stunning glass-like walls

INTRODUCING ACRYLIC

The product at a glance

100% WATERPROOF

Our acrylic panels are 100% waterproof and have been designed to ensure a watertight finish.

HYGIENIC

Showers acrylic is chemical resistant; the grout free wipe-clean surface reduces hiding places for dirt and germs.

GLASS LIKE FINISH

Create the contemporary look of glass for a fraction of the cost with acrylic. Once the panels have been cut, the edges can be sanded and polished to give a full transparent appearance.

EASY INSTALLATION

Showers acrylic is easy to handle, cut and install compared to large sheets of glass. There is also no need to worry about grout or accessories; panels are simply butted together using sealant.

MATERIAL

The unique high tech polymer acrylic panels are more scratch resistant compared to other acrylics or glass, giving you peace of mind and longevity.

10 YEAR GUARANTEE

When installed correctly, using the recommended fittings, our acrylic panels are guaranteed against manufacturing defects for 10 years from installation date. For further details, see inside back cover.

NEXT STEPS

Three steps to create your waterproof Showerwall system.

- 1 **Decor**
Select a decor from our extensive range.
- 2 **Panel Details**
Select the size, edge finish and number of panels required.
- 3 **Waterproof System**
Select the coordinating trims, Sureseal and accessories required.

1 | DECOR

Select your decor from our five collections, you have over 80 to choose from.

Marble | Quarry | Mineral | Acrylic | Custom

2 | PANEL DETAILS

Use the table below to choose your panel size(s), depending on the space available and type of product.

HPL

All decors from the Marble, Quarry and Mineral collections are manufactured from a moisture resistant MDF core and finished with a high pressure laminate (HPL), creating 10.5mm thick panels. These panels are available in 3 widths: 600mm, 900mm or 1200mm; and are 2440mm in height. Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims.

Square Cut Panels

Proclick Panels

All HPL panels are 10.5mm in thickness.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

Note: All panels are available with a plywood core on request, made to order. A minimum order quantity of 10 panels applies.

ACRYLIC PANELS

All decors from the Acrylic and Custom collections are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore it does not require any trims; panels are simply joined together using sealant.

Acrylic collection panels measure **2440mm** in height, and are available in either 900mm or 1220mm widths. Custom collection panels measure **2400mm** high, in widths of 896mm or 1200mm (finished).

Acrylic Panels

Custom Panels

All Acrylic panels are 4mm in thickness.

3 | WATERPROOF SYSTEM

Our system comes with two key components which ensure a watertight seal for our HPL product; available in a range of colours to suit every decor. Easy to install and maintain.

TRIMS

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

Internal corner
Used on all internal 90° corners.

Joining trim
Used to mount panels side by side.

External corner
Used on all external 90° corners.

Finishing end trims and Quadrant trims
Finishing end trims for panels.

Five available trim colours:

*Quadrant trims are not available in this colour

*Trims are not required for Acrylic and Custom panels.

SURESEAL

At the base of the Showerwall HPL panel even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance free shower seal on the market with no future resealing required. Sureseal's four point sealing system is quick and easy to install leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long.

Seal one
Sealant between seal & tray.

Seal two
Panel encapsulated in sealant.

Seals three and four
Top & bottom seal.

Sureseal in situ
A watertight professional finish.

Sureseal front capping is available in three colours:

Black

White

Satin Silver

Our **Acrylic** decors are 100% waterproof and require no trims or Sureseal during installation. Simply adhere the panel to the wall and seal around the edges.

SEALANT & ADHESIVE

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of the HPL product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

HPL panels use Showerwall Adhesive to adhere to the wall and Sealant for joins between panels and edges, note Sealant is available in both a translucent and white finish. Translucent Sealant should be used to adhere Acrylic panels to the wall, and Colour-matched Sealant should be used for joins between panels and edges.

Acrylic Sealant

We recommend that Showerwall's own tried and tested brand of sealant is used for the effective fitting of the Acrylic product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

Translucent sealant should be used to adhere Acrylic panels to the wall, and colour matched sealant should be used for joins between panels.

Colour matched sealant is available in the following colours:

Please ensure that you follow the complete instructions or alternatively watch our installation video, both of which can be downloaded from our website.

SHOWERWALL FIND A FITTER

We've now launched our Find A Fitter programme on our website, through which you can find installers from across the UK who are ready and waiting for you to contact them.

Simply visit: www.showerwall.co.uk/findafitter and enter your postcode to begin your search.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The non-porous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of the panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent panel damage.

Shower Enclosure

SHOWERWALL KIT

A simple kit including everything you need to create a two-sided shower enclosure.

All of our accessories are available to purchase separately; however if your space is a corner enclosure, take advantage of this kit which has everything you need in one handy pack.

Please note: This kit does not include the shower panels themselves and is only suitable for HPL panels.

DECOR FINISHES

Showerwall panels come in one of five finishes;

Gloss
A high shine finish creating a smooth, brilliant appearance

Matt
A soft touch flat surface with low light reflectivity

Synchro
A unique textured finish that follows the form of real material

Texture
A structured surface that emulates the feel of organic materials

Acrylic
Achieve stunning gloss like walls with acrylic panels

INSTALLATION

Fitting our shower panels is easy and can be completed by anyone who is competent at DIY. Full installation instructions are provided with every panel and we highly recommend the Showerwall installation video accessible via YouTube and www.showerwall.co.uk.

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant and adhesive, will invalidate your guarantee.

MANUFACTURED IN THE UK

A smart waterproof system combined with the character of organic materials; built to last and easy to install.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 15 years (HPL), and 10 years (Acrylic), from the date of purchase. A copy of the Showerwall guarantees are available to download from www.showerwall.co.uk.

Note your Showerwall panels carry a 10 or 15 year guarantee that is limited to domestic use against manufacturing defects, only when registered using the owner registration document contained within the product packaging. If the purchase of your panels is not registered within 28 days of the installation being completed then the guarantee is reduced to a 5 year term (HPL) or 2 year term (Acrylic).

WATERPROOF PANELLING SYSTEM

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall HPL panels must be fitted in accordance with the fitting instructions and **must** use Showerwall trims, sealant and adhesives to ensure the system is both waterproof and guaranteed.

EUROPEAN STANDARD FIRE RATED

All Showerwall HPL panels are classified EN 13501. In addition, selected decors are British Standard Fire Rated Class 2-BS 476 : Part 7 : 1997

ENVIRONMENTAL RESPONSIBILITY

All Showerwall HPL panels are manufactured using an FSC® certified MR MDF core, guaranteeing that the timber used is harvested from responsibly managed forests. By purchasing a product with such certification, you are supporting sustainable forest management worldwide.

We are fully committed to going beyond existing regulations, to minimise any impact on our environment, protect people's health and safety, and make labour relations and social issues an integral part of everything we do.

Packaging is made from 100% recycled material
